LANCASTER COUNTY MEDICAL SOCIETY ACTIVE Physician Member DIRECTORY

The Nebraska Medical Association and the Lancaster County Medical Society

The following physician directory includes a listing of Nebraska Medical Association (NMA) and the Lancaster County Medical Society (LCMS) physician members actively practicing in Lancaster County.

Through a shared membership, physician members and NMA and LCMS staff work together to advocate for the medical profession and to promote the public health and welfare of our county and state. Member physicians recognize that the ability to care for their patients often goes beyond their clinic doors. The doctors listed in this directory have and continue to demonstrate their commitment to maintaining high quality health care throughout Lancaster County and the state of Nebraska. As an organized group, we are better able to serve our patients and the community at large.
